

SEND Update

September 2020

Welcome back everyone! It is so wonderful seeing all of the children back at school and enjoying themselves. Now that the children are back and we are all getting back into a routine (albeit very different from what we are used to) I would just like to make you aware of some key points for the forthcoming term.

Meetings

I have always been happy to meet with parents face to face and to chat with them on the yard, however in our current circumstances this cannot happen. I am still eager to hear from you and if you need to get in touch please telephone school on 01388762400 or email sen@crookprimaryschool.org.uk and I will get back to you.

Support Plans

Staff are continuing to get to know the children in their class in order to create new support plans for the children. These plans will be linked to your child's area of need and will be updated within the next couple of weeks. Either your child's class teacher or myself will share these plans with you over the telephone as we are unable to hold face to face meetings.

Outside agencies

Involvement from outside agencies will continue, but may involve some telephone appointments or Microsoft Teams meetings. This is to limit the number of visitors we have in school. If you have any issues please let me know and I will help.

Medical Needs

I have now spoken to all parents and carers of children with medical needs. If I have not spoken to you and you believe that your child has a medical need of which we are not aware please get in touch. Similarly, if your child is newly diagnosed with any medical condition, please make us aware.

Finally, we are all very aware of the impact that the past months have had on the children. Please be assured that we are continuously assessing and monitoring and are keen to put in place any early intervention and provision that we can to help all of the children in every aspect of their development. If you have any concerns then please do get in touch.

Mrs Cleminson
